<http://www.floridaswimming.org/szflsc/UserFiles/File/2011HandbooktoPostWorking6-7-11.pdf>

**SEEDING:** SCY times will be used for seeding. Entry times may be actual SCY times or SCY times converted from SCM or LCM. If proven SCM or LCM times are submitted and labelled as such they will be seeded at the SCY qualifying time.

This meet will be pre-seeded with the exception of the 400 I.M, 500 free, and 1650 free, which will be "check in to be seeded" (deck seeded) events. **Deck entries will not be accepted for deck seeded events.** The Meet Referee may opt to fill empty lanes in deck seeded events with checked in swimmers from the other gender, or combine the slowest heats.

**SCRATCHES:** **PRELIMS:** No penalty for scratching on the block in the Preliminary or Timed Final events with the exception of the deck-seeded events. Any swimmer entered in an individual event that is "deck seeded" who has checked in for the event, must swim the event unless he/she notifies the clerk of course before the seeding for that event has begun, that he/she wishes to scratch. Failure to do so and not swim will result in the swimmer being barred (scratched) from the next individual event (Preliminary or Timed Final) in which the swimmer is entered. (Declared false starts will be accepted from the swimmer prior to the start of the heat.)

**FINALS:** Any swimmer who competes in a preliminary heat and qualifies for either championship or consolation finals and fails to swim in the final without notifying the Meet Referee that he/she may withdraw from the finals within thirty (30) minutes after the announcement of the qualifiers for that event and further fails to declare his/her final intention within thirty (30) minutes of his/her last individual preliminary event, **will be penalized by being automatically scratched from Finals in the remainder of the meet, including any Finals not already swum. The Referee may insert the next eligible swimmer into Finals or Consolation Finals once a "failure to swim" is declared and in any vacant lanes resulting from the penalty. Declared False Starts in Finals will be considered a "failure to swim" and will draw the same penalty.** In the event of illness or injury, certified to the satisfaction of the Meet Referee, there will be no penalty.

**ENTRY LIMITS:** **11-12, 13-14, 15-16 & Senior** swimmers may enter a maximum of three (3) individual events per day and a maximum of seven (7) individual events for the meet. **10 & Under** swimmers may enter a maximum of three (3) individual events per day and a maximum of nine (9) individual events for the meet. Relay Entry Limit is two (2) per team per event. Entries which exceed either limit will be automatically dropped. The total meet entry limit will be **900 swimmers**. The following criteria will be used in limiting the meet size:

1. If a team's entry is the first to exceed the limit, all of that team's entry will be accepted.
2. Entries will be accepted in the order that they are received. An entry is considered as received when the team's entries are Finalized in OME.
3. If entries from more than one team are finalized at the same time, first priority for acceptance will go to Florida Swimming teams.
4. Second priority for acceptance will be the team having the most entries.
5. Teams not accepted will be notified by phone or fax by the first Wednesday after the entry deadline and any entry fees received will be returned.

The Meet Referee may combine the slowest heats of each gender and swim it in the order of the gender with the fewest number of heats. If the event in one pool is projected to be completed sufficiently far in advance, the Meet Referee may elect to move remaining heats from the other pool into it, or permit combined gender “additional” heats, if time permits<sup>(1)</sup>. Decisions on combination of heats, movement of heats or additional heats will be announced at least one hour before the expected start of the first 1650 event.

If the Sunday morning events are separated into two pools by gender, there will be at least a 10 minute interval between the completion of the 200 fly and the first heat of the 1650 free.

### USA SWIMMING – ON-LINE MEET ENTRY HIGHLIGHTS

1. Ensure that swimmers times are loaded into the USA Swimming SWIMS database – Particular attention should be given to times achieved at observed and approved meets. Do not wait until immediately before the entry deadline to discover the time has not been loaded. Coaches and swimmers can verify that times are in the database by using the times look up at [www.usaswimming.org/times](http://www.usaswimming.org/times). Contact the host LSCNational Times Coordinator of the meet at which the times were achieved to have the missing times loaded.
2. Only one account per team (Head Coach) can be used for team entries. The USAS ID number of the head coach will be required to begin the entry process.
3. Read the tutorial comments on each page during the entry process. Most questions will be answered if the instructions are read.
4. When advancing to through the entry process, each time the "NEXT" link is pressed, the information on that page is saved. This allows the entry to be processed during multiple sessions.
5. Coaches can start an entry, save it as-you-go and OME will retain the progress that has been made on the entry.
6. Use the links on the left side of the entry page to jump forward or backwards to specific sections of the entry process (i.e. Relay, etc.). Using these links also saves the information on the previous page.
7. Payment must be made **directly to "Gator Swim Club"**. OME is set up with zero entry fee charges to allow all teams to pay by check.
8. Teams do not have to wait until the entire entry is completed. Teams can enter some athletes, then return at a later date and add more events, relays, or athletes.
9. **An athlete is not entered in the meet until the entries have been finalized/checked out.**
10. When entering "Override Times" (times not currently showing up in the SWIMS database), in the meet name field, give meet name and brief details on where the time was achieved – i.e.: FGJO13-14-400FRelay Lead – There is room for 25 characters of data. Also enter the date of the meet in the date field. The National Times Coordinator will pre-clear as many (\*) times as possible.
11. Relays: When entering more than one relay per event (A and B), OME selects the fastest time in the database for the A relay and the fastest remaining time in the database for the B relay. If one of the athletes on the B relay (that OME selected) was also an athlete on the A relay, OME will signify that time with a (\*\*). That time is not eligible for entry for the "B" relay. Select another listed time for the "B" relay or enter an aggregate time. As an alternative to using the OME best relay time, select Team (from the dropdown), then enter an override time for the relay.
12. Hy-Tek Team Manager can be used as a tool to assist in the OME process.
  1. First load the "Meet Events File".
  2. In the Meet Maintenance panel, set the minimum age for open events as desired.
  3. Click on the "Enforce Qualifying Times".
  4. Set the "Use Times Since" date to the beginning of the qualifying period for the meet.
  5. Create a "Meet Eligibility" report. REPORTS/PERFORMANCE/MEET ELIGIBILITY. Select "Only Eligible Swimmers". This report shows all eligible swimmers for the meet.
  6. Highlight events to be entered for each swimmer.
  7. Look up and record bonus event entry times for swimmers eligible for bonus events.
  8. Proceed with On-Line Meet Entry.
